YES! We do offer full and partial needs-based scholarships based on availability. Thank you for your interest in Writers & Books youth programs.

Please return this form with required proof of income. Students attending school within the Rochester City School District may apply for a scholarship without providing proof of income. However, they must still submit this form for approval. ***Please do not apply if you can afford to send your child to camp without financial assistance.*** **Note: most of our full scholarship families have an annual household income of \$20,000 or below.** If a child is granted a scholarship and doesn't come to their class, they will lose their eligibility for future scholarships.
